Hi Daniel,

Now that we are back at home, we just wanted to say a huge thank you to you and the whole band for your amazing performance on Saturday 13th.

We thought your whole set was fantastic and loved the atmosphere that you generated, I don't think anyone wanted you to finish playing even though it was gone 11pm!

We lost count of the number of guests, young and old, who came up to us during and after your performance to say how good you were - we may be biased but it was definitely the best wedding music we've ever experienced!

With very best wishes,  
Doug & Hannah
